FOR IMMEDIATE RELEASE

Highway 220-Paving Work Ryer Island Project Scheduled To Start October 22nd

SOLANO COUNTY – The California Department of Transportation (Caltrans) is starting a paving project on Highway 220 on Ryer Island in Solano County. The work is scheduled to start on Monday, October 22nd and is scheduled to be completed on Friday, December 14th. Work will start each day Monday through Friday at 7 a.m. and conclude at 6 p.m. All work is weather permitting.

To ensure public and worker safety, one-way traffic controls will be in effect on Highway 220 on Ryer Island. Crews will alternate lane closures in both eastbound and westbound directions. This will allow one lane on the highway to remain open during the work.

Flaggers will help direct traffic. Caltrans will also install portable message signs at the beginning and end of Highway 220 on Ryer Island alerting drivers to the project. Motorists should expect delays and allow for extra travel time.
